# ART COLLECTION

*Handpainted universes*

*This ART Collection is the more artistic and experimental part of I LOVE MY TYPE. All art prints are results of many hours and experiments in our atelier; drawing, painting, making collages and mixing different techniques.*

*The ART Collection is characterised by a particular focus on structure, contrast, colour, patterns and letting the details speak for themselves. The abstract and artistic elements inspire everyone to make their own interpretations and associations.*

*The process results in a variety of aesthetic universes, each with its own visual identity. Every universe forms the basis for lovely series of decorative art prints – all printed in Denmark on 100% recycled luxury paper.*

*The majority of our design prints, are embossed with our logo by hand – adding an even more personal and exclusive feel to it.*

*Welcome to our creative world, I hope you like our ART Collection.*

*All the best, Kathrine*

*We love the process – it makes the journey more fun*

## CONTENTS

4 – All Emotions Are Valid	16 – Life Traces	34 – Keep it Natural
10 – Mood of the Day	22 – Portraits of a Mirror	40 – Daily Celebration
14 – She is ...	28 – Everyday Miracles	

I LOVE MY TYPE was founded in autumn 2013 in Copenhagen, Denmark by graphic designer Kathrine Højris.

I LOVE MY TYPE is a visual universe where designer Kathrine Højris does what she loves most: creating what speaks to the eye and heart. The beautifully designed posters, notebooks, cards and other creative products follow one mission: to speak to people on a personal level. With topics like self-worth, relationships, friendships and family, I LOVE MY TYPE offers something for everyone who appreciates cool design with a meaning behind it.

The design products are sold all over the world – from small design boutiques to big department stores. The range of products includes a large collection of decorative art prints, frames, cards, gifts, journals and notebooks.

All art prints are made in Denmark of 100% recycled luxury paper and cover three categories:

ART – abstract and illustrative prints  
TYPE – prints with text  
KIDS – prints for the kids’ room
