I LOVE MY TYPE is a visual universe where designer Kathrine Højris does what she loves most: creating what speaks to the eye and heart. The beautifully designed posters, notebooks, cards and other creative products follow one mission: to speak to people on a personal level. With topics like self-worth, relationships, friendships and family, I LOVE MY TYPE offers something for everyone who appreciates cool design with a meaning behind it.

The design products are sold all over the world – from small design boutiques to big department stores. The range of products includes a large collection of decorative art prints, frames, cards, gifts, journals and notebooks.

All art prints are made in Denmark of 100% recycled luxury paper and cover three categories:

ART – abstract and illustrative prints
