

Size guide

It can be challenging to figure out which poster sizes are the perfect fit for the walls of your home. This picture gives you an overview of all our poster formats: A5, A4, 50x70 cm and 70x100 cm.

If you want to create a collection of posters on your wall, we recommend mixing all sizes, or at least three different ones. This will add a nice dynamic and contrast to your collage.

Please note that not all of our products are available in every size. If you wish to have one of our posters in specific measurements that you cannot find at our webshop, we are more than happy to customize one for you! Send your inquiries to kh@ilovemytype.com to find out more about the prices.

Choose the right poster size

100x140 cm *Very big poster*

This size is not a standard size at our webshop, but it's indeed a great solution for big blank walls. An oversized poster like this has an impressive impact on the look and feel of any interior. You can always have our smaller motives customized to this format.

70x100 cm *Big poster*

If you want to add life to a big wall, a poster this size is an easy and impactful solution. Only a few of our posters are available in this size, but you can always have our smaller motives customized to this format. (Our frames are also available in this size.)

50x70 cm *Common poster size*

The most common poster format is 50x70 cm. A medium-large poster like this can either be combined with other stylish elements, or be hung up on its own. Aligning three of these posters next to each other, for example, always looks good. (Our frames are also available in this size.)

A3 (29,7x42 cm) *Medium poster*

A medium-sized poster is the perfect choice if you live small and want to have several posters hanging on your wall. A3 posters are also great additions to a collage of larger posters. (Our frames are also available in this size.)

A4 (21 x 29,7 cm) *Small poster*

Small posters like this are ideal for limited space, they are same size as a piece of paper. You can easily combine them with other pictures on a wall, or have them standing at your desk. (Our frames are also available in this size.)

A5 (14,85x21 cm) *Mini poster / card*

Our A5 mini posters can be used in various ways: Put them up on your walls, doors, fridge, have them standing at your desk or use them as lovely greeting cards for someone special. (Our frames are also available in this size.)
